

## **Gas Transportation Supplier List**

*Nicor Gas has compiled a list of producers and brokers, based on business contacts and its review of trade periodicals. Nicor Gas has not investigated the history, reliability, financial conditions or any other qualifications of those parties. It also has no independent knowledge of the access of these parties to natural gas. Nicor Gas makes no representations, expressed or implied, as to these parties. Before you enter into any contract, Nicor Gas recommends that you investigate both the financial history and qualifications of the seller and the terms and conditions of any contracts you may be asked to sign.*
